

MY EXPERIENCE AT PONY CLUB CAMP

Pony club camp is the highlight of mine and my brothers year. We have laughs, we play games and we also get really competitive on the Friday.

My instructor was lovely and we had so much fun as a group, we learnt lots and enjoyed ourselves. It was quite frightening though riding in the thunder and lightning and pouring down with rain, but after a while we had to get to shelter!

It was hilarious when I fell over in a hole, I was just casually walking along with my friend and all of sudden I was on the floor!

It was also quite funny when some of us were hanging off the side of our ponies trying to get on from the floor! I had a great pony club camp and it was really enjoyable but a shame about the weather.

We also had polo, it was interesting (awesome) we played a game of polo after, we were able to hit the ball alright, it was great because our team won, OH YEAH!
